Profile

I am a positive, enthusiastic and competent Full Stack Developer who, over the years, has built up a diverse range of skills, qualities and attributes that guarantee I will perform highly in this role. I have extensive experience working both alone and as part of a team on often time-sensitive, challenging full stack development projects that require outstanding creative and technical capabilities and the ability to ensure all work is optimized across a wide range of platforms. I take my work as a Full Stack Developer seriously and this means I always ensure my skills are kept up to date within this rapidly changing industry. If you hire me as your Full Stack Developer, I assure you I will fit into your team quickly, I will always put the commercial needs of your business at the forefront of everything I do, and the work I carry out will be consistent to a first-class standard.
